MEMORANDUM FOR: Assistant Deputy Director for Support

SUBJECT : Liquor Waiver

1. The main purpose in requesting a kitchenette for the Senior Seminar area is to be able to serve a light meal prior to scheduling evening work sessions as part of a training activity. For example, in the Senior Seminar and other more advanced courses, we might use the format of "an evening with . . .," in which case it would be more desirable for the participants and the speaker of the evening to have a drink prior to eating.

2. [REDACTED] tells me you and he discussed the subject briefly last week, and that you would be willing to explore the subject of a waiver. If more detailed information is needed, please let me know.
